

“Hang On” By Myles Quinn and Breydon Beggs; Lyrics by Adonis Tsilimparis

VERSE 1

Small lost and at the end of your rope, there is no hope
Hang on, we'll make things better, we'll work to-ge-ther
When you're afraid in the darkness, feeling emptiness

PRE CHORUS 1

Hang on, we'll make things better, we'll work together
Right now...

CHORUS 1

Hang on, we'll work together and make it all bet
Hang on, we'll work together and brave bad weather

VERSE 2

Don't take your eyes off of your goals, Even heaven knows
You'll get there sooner than you believe, it's been received

PRE CHORUS 2

Hang on, we'll make things better, we'll work together
Right now...

CHORUS 2

Hang on, we'll work together and make it all better
Hang on, we'll work together and brave bad weather
Hang on, we'll work together and make it all better
Hang On....

BRIDGE

I'm never letting go
I'm never giving up
Hang on to hope

CHORUS 3/4

Hang on, we'll work together and make it all better
Hang on, we'll work together and brave bad weather
